Filled with magic, thrilling adventure, and sweet romance, Elementals is the first in a new series that fans of mythology will love! When Nicole Cassidy moves from sunny Georgia to gloomy New England, the last thing she expects is to learn that her homeroom is a cover for a secret coven of witches. Even more surprisingly ... she's apparently a witch herself. Despite doubts about her newfound abilities, Nicole is welcomed into this ancient circle of witches and is bedazzled by their powers--and, to her dismay, by Blake--the school's notorious bad-boy. Girls who get close to Blake wind up hurt. His girlfriend Danielle will do anything to keep them away, even if she must resort to using dark magic. But the chemistry between Blake and Nicole is undeniable, and despite wanting

to protect Nicole from Danielle's wrath, he finds it impossible to keep his distance. When the Olympian Comet shoots through the sky for the first time in three thousand years, Nicole, Blake, Danielle, and two others in their homeroom are gifted with mysterious powers over the elements. But the comet has another effect--it opens the portal to the prison world that has contained the Titans for centuries. After an ancient monster escapes and attacks Nicole and Blake, it's up to them and the others to follow the clues from a cryptic prophecy so that they can save their town ... and possibly the world. "Elementals is full of wonderful magic and myths!" -5 Girls Book Reviews "Five glittery stars for being such a compelling read!" -Andrea Heltsley, Goodreads Reviewer

I thought magic was make believe...but I was way wrong. I was nobody. No matter how hard I tried, I never fit in with anyone at my high school. Now I know why. Turns out I'm a witch. A scary powerful one, too. Except The Coven that claimed me won't teach me how to use my magic. Suddenly, I'm selected by the Goddess to hunt down a mythical locket needed to save the world from destruction. The only person who actually tries to help me is the alarmingly attractive Tennessee. He has immeasurable power and breathtaking mismatched eyes. I'm drawn to him on a level I can't explain...and he's forbidden from getting too close to me. When the quest takes an unexpected dangerous turn, I have to improvise. This supernatural world is unraveling at my fingertips and I need to master my magic fast. If I don't, I could get everyone I care about killed... Featuring a kickass heroine, forbidden love, and magic you'll wish was real, fans of The Mortal Instruments, Twilight, or Harry Potter will love Chandelle LaVaun's brand new urban fantasy series! Can they use their newfound powers to save their hometown, or will they die trying? The summer is over and the promised get-together results in an epic sharing of the transformational adventures that have gifted Akiko, Saxony, Georjayna, and Targa with their elemental powers. When the Elementals are recruited by Petra to execute a super-secret global project that is supposed to change humanity for the better, it seems as though the girls will be rocketed to fortune and glory. But when they accidentally unleash a dark and terrible force, things deteriorate rapidly into death and destruction... This deadly entity seems immune to their magic and it is too late to turn back. The Elementals is written from three points of view and is the sixth and final book in The Elemental Origins, a series of captivating YA urban fantasy novels that can be read in any order. If you like new twists on elemental lore, simmering romance, and strong female lead characters, then you'll love A.L. Knorr's teen fantasy adventure. Buy The Elementals and get ready for a speed-rap of a novel that will take you to the edge of your seat! Read a snippet: The groan became a growl. I whirled, raking the trees for whatever made the sound. The forest had lost its color, just as part of the sky had. I blinked and rubbed my eyes, thinking something was wrong with my vision. When I opened my eyes the view was the same. The forest and sky were shifting from the dim color of early morning to shades of gray. In fact, the edges of everything looked blurry, like a heavy fog had gathered. The growl came again, from everywhere and nowhere. My heart galloped in my chest. "Where are you?" I yelled into the trees. "Show yourself!" My answer was a deep roll of thunder...or was it a slow throaty laugh? The forest grew dark and the trees faded from view, swallowed up in the unnatural fog.

Cold slime felt heavy on my skin and I scraped at my cheeks with my fingers, letting out a yell of frustration. How could I fight an enemy I couldn't see?

A lost colony is reborn in this heart-pounding fantasy adventure set in the near future. Enter the world of the Elementals, which James Dashner called “completely gripping and full of intrigue, revelation, mystery, and suspense.” Sixteen-year-old Thomas has always been an outsider. The first child born without the power of an element—earth, water, wind, or fire—he has little to offer his tiny, remote Outer Banks colony. Or so the Guardians would have him believe. In the wake of an unforeseen storm, desperate pirates kidnap the Guardians, intent on claiming the island as their own. Caught between the Plague-ridden mainland and the advancing pirates, Thomas and his friends fight for survival in the battered remains of a mysterious abandoned settlement. But the secrets they unearth will turn Thomas’s world upside-down, and bring to light not only a treacherous past but also a future more dangerous than he can possibly imagine. Written by an award-winning author, this dynamic series is perfect for fans of dystopian thrillers like James Dashner’s *The Maze Runner* and Marie Lu’s *Legend*. “Plenty of action for readers who enjoy survival stories with a twist of the supernatural and a hint of romance.” –School Library Journal “The novel’s captivating storyline, rapid pace, and cliffhanger ending are sure to leave fans of novels like Grant’s *Gone* series absorbed with the action and anxious for a sequel.” –Bulletin of the Center for Children's Books “Engaging characters and plenty of mystery, adventure, and action.” -Publishers Weekly

My name is Larkspur, and I am an Elemental. My people use the power of the earth to sustain life and defy our enemies. I should be at my father's side as a royal princess. But as a half-breed, bastard child, that isn't going to happen. I've been accused of attacking the queen, my wicked stepmother, and my life is suddenly on the line. I have only two options left to me: banishment, or training to become one of the King's Elite Guards, an Ender. Option one will kill me. Option two is meant to break me, but it's the only way to survive. Did I mention I have no power like the rest of the elementals, and my connection to the earth is worth next to nothing? Could things get any worse? Of course they can. Welcome to being an Elemental

Not even home . . . Nick Merrick is stretched to the breaking point. Keep his grades sky-high or he'll never escape his hometown. Keep his brother's business going or the Merricks will be out on the street. Keep the secret of where he's going in the evenings from his own twin—or he'll lose his family. Keep his mind off the hot, self-assured dancer who's supposed to be his "girlfriend's" partner. Of course there's also the homicidal freak Quinn has taken to hanging around, and the Elemental Guide counting the hours until he can try again to kill the Merrick brothers. There's a storm coming. From all sides. And then some. Nick Merrick, can you keep it together? Praise for Brigid Kemmerer and The Elemental Series "Magic, suspense, and enough twists to keep you reading until sunrise.
