stroke of luck An unexpected fortunate occurrence. Meeting my favorite celebrity at the airport was certainly a stroke of luck that wouldn't have happened if I'd arrived five minutes later. I worked very hard on the script, but getting to pitch it to the producer in the elevator was just a stroke of luck.

This book chronicles four years of my ongoing journey from self-pity to laughing at predicaments from my inconvenient stroke. Humor found in everyday occurrences continues to this day. A stroke changes the life of the survivor forever, subtly or catastrophically. One determines if she will be the kicker or the kicked. I chose to be the kicker and will laugh my way through these challenges, come hell or high water. I hope you enjoy my journey and see that, stressors be damned, there's always room for the healing power of laughter in overcoming any of life's predicaments.

A Good Housekeeping Best Book of the Year "Every sentence shines with wit, originality, and sharp observations. " --The Boston Globe A razor-sharp, deeply felt novel about the complicated relationship between a charismatic teacher and his students, and the secrets we keep from those we love At a boarding school in New Hampshire, Ben joins the honor society led by Pierre LaVerdere, an enigmatic, brilliant, yet perverse, teacher who instructs his students not only about how to reason, but how to prevaricate. As the years go by, LaVerdere's covert and overt instruction lingers in his students' lives as they seek some sense of purpose or meaning. When Ben feels the pace of his life accelerating and views his intimate relationships as less and less fulfilling, there seems to be a subtext he's not able to access. And what, really, did Bailey Academy teach him? While relationships with his stepmother and sister improve, and a move to update New York offers respite from his anxiety about love and work, LaVerdere's reappearance in his life disturbs his equilibrium. Everything he once thought he knew about his teacher--and himself--is called into question. Written by one of our most iconic writers, known for casting a cold eye on her generation's ambivalence and sometimes mistaken ambition, A Wonderful Stroke of Luck is a keenly observed psychological study of a man who alternates between careful driving and hazardous risk taking, as he struggles to incorporate his past into the vertiginous present.

He's hoping to bury the past. She's ready to settle the score. The Sterling Ranch's season opening isn't going so smoothly. For Poppy, it was supposed to be a retreat full of horse rides and hoedowns—with a side of showing Will what he’s been missing all these years. But as the snow deepens outside, the guests’ suspicion and mistrust turns sinister inside, catching Will and Poppy in the crosshairs. Weathering the storm in each other’s arms is all too easy for Will and Poppy, but will a confrontation with a killer mean their reunion is short-lived? New York Times and USA TODAY bestselling author B.J. Daniels starts her Sterling’s Ranch series off with a bang in this suspenseful story of romance and revenge.

Sarah Brooker was an ambitious young woman studying to be a neuroscientist. She had the world at her feet. On New Year’s Eve, 2002, an unbelievable series of events occurred: a brain aneurysm, a devastating car accident, a body broken and a mind shattered. A life was changed forever. Several weeks later Sarah woke from a coma with no idea of who or where she was or what had happened. But thanks to an extraordinary quirk of the brain, Sarah could remember neuroscience. In fact, when doctors came to visit her during the many months she spent in hospital, Sarah assumed they were consulting her as the brain expert, not attending to her as a patient. My Lucky Stroke is an extraordinary memoir, full of life and insight, humour and drama, a story about rebuilding a life from square one that you won’t easily forget.

The book I present to you has the working title of A Stroke of Luck or a Beginner's Guide to Being Hospitalised as a More-Mature Person and What You Can Reasonably Expect. I believe that it represents a piece of innovative non-fiction, in that it is written with a positive, yet realistic, message about being a 'hospital virgin' at a more mature age. The project has been developed through my own experience of hospitalisation recently, for treatment on a stroke. The concept is conceived via passages of digressions, examples of humour coupled with sharp inakes of interactive discussions based on the everyday activities of a hospital ward that the reader may not be aware of, let alone expect. It is in this respect that the book is unique: whilst acknowledging that such institutions are full of medics and other professionals by definition, there is also a whole spectrum of 'big-part' players and events' too, which can have either a detrimental or positive impact on the patient's recovery. Their role is examined through character development and astute observation of what actually occurs during a 'confinement': Victor Meldrew can and does believe it' he has too! The story itself is chronological: from pre-admission, admission, the period of the stay when time becomes meaningless and thoughts begin to wander to level of absurdity never truly thought possible, to discharge (which in itself seems a 'nasty' word to use along with 'release', terms which come in for a wry comment or two!) and after-care. Primarily, this book is written with the 'over fifties' market in mind specifically, but I would envisage it being an informative read to anyone who is new to the 'hospital game' or is simply filled with trepidation at the possibility of it.
