through illustrations, pop-up resources, learning activities, and more. Drawing on the experience of a nursing professor and a management consultant, it offers an understanding of both key nursing management practices and important business concepts - merging theory, research, and practical experience in each online module. Topics cover a wide range of management issues, such as delegation, communication, time management, problem solving, stress management, and legal/ethical considerations. Each module begins with an Introduction that outlines the basic sections of the module. The Overview explains key management concepts users will learn about in the module. The Focused Reading Assignment directs users to read the corresponding chapter in the work text and provides a list of questions that they should be able to answer upon completion. Review of Key Concepts, Principles, and Terms
