Alexey Pehov introduces a cast of charming, quirky, unsavory, even loathsome characters in a fast-paced, entertaining adventure' Kevin J. Anderson 'It's not too often debut novels come with a legacy, but in this case it's a pretty impressive one...If this were an English novel, we'd be reaching for the rest of the trilogy right now' SFX Magazine

Two original, exciting and engaging short stories from Alexey Pehov that feature master thief Shadow Harold, the protagonist of the Chronicles of Siala epic fantasy series. In "The Snake", Harold, the most accomplished thief in the world (and reluctant hero of Alexey Pehov's award-winning series, Chronicles of Siala) may have finally met his match in what could prove to be his most dangerous escapade. A stand-alone short story appearing for the very first time. "Battle of the Margend Horseshoe" is an additional scene from SHADOW BLIZZARD, Pehov's upcoming conclusion to the Chronicles of Siala. Harold and friends, old and new, prepare for a spirited offensive attack after cleverly cornering the Orc army at the Margend Horseshoe river bend. An exciting taste of the masterful battle scenes that are Pehov's forte. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The second of the Chronicles of Siala is as mesmerizing as "Shadow Prowler" . . . Again, Pehov's mastery pulls the reader into the story, creating vibrant interpersonal encounters in a believable world.—"Booklist."

Three dragon siblings, the last of a dying breed, are pitted against each other as their empire is filled with war, greed, and treachery, and they must decide whether to stand with, or against, humans.

From Daryl Gregory, whose Pandemonium was one of the most exciting debut novels in memory, comes an astonishing work of soaring imaginative power that breaks new ground in contemporary fantasy. Switchcreek was a normal town in eastern Tennessee until a mysterious disease killed a third of its residents and mutated most of the rest into monstrous oddities. Then, as quickly and inexplicably as it had struck, the disease -dubbed Transcription Divergence Syndrome (TDS)-vanished, leaving behind a population divided into three new branches of humanity: giant gray-skinned argos, hairless seal-like betas, and grotesquely obese charlies. Paxton Abel Martin was fourteen when TDS struck, killing his mother, transforming his preacher father into a charlie, and changing one of his best friends, Jo Lynn, into a beta. But Pax was one of the few who didn't change. He remained as normal as ever. At least on the outside. Having fled shortly after the pandemic, Pax now returns to Switchcreek fifteen years later, following the suicide of Jo Lynn. What he finds is a town seething with secrets, among which murder may well be numbered. But there are even darker—and far weirder—mysteries hiding below the surface that will threaten not only Pax's future but the future of the whole human race.
